Good Afternoon -

I received your capability statement late last week while out of the office. I have forwarded it to one of our program offices for review. Should they determine there is an interest, they will reach out to you.

Thanks,

Ma'am,

Last fall we submitted a White Paper to SandT DHS. After a few email exchanges we were referred to DHS Industry Liaisons.

Attached is the updated version of the Westbridge White Paper discussing the capabilities offered to support your mission. Superior smart phone exploitation - geolocation, access to encrypted applications (WhatsApp, Telegram, Signal, etc), voice interception, all via remote access. No requirement to be in proximity to the target, or conduct forensics. The owner of the device is NOT aware he is vulnerable.

These capabilities are MRL 10 and currently available for employment to support USSS missions.

We welcome the opportunity to meet with your team and conduct a demonstration of these superior intelligence collection and exploitation capabilities.

I have CC'd Mr. (b)(6);(b)(7)(C) Westbridge President, on this email.
